Forecast for Sunday 27 Mar 2022

Weather: A chilly and largely clear night but patchy mist and fog developing in the valleys, mainly in the east. This clearing during the morning, otherwise a dry and mostly sunny day with some fair weather cloud bubbling up in the afternoon. Remaining dry with skies becoming clear in the evening.

Chance of cloud-free hill tops above 600m: Mostly 100%, but 70% in the east at first.

Low cloud and visibility: Mostly good visibility, although rather hazy. Patchy fog in the valleys and low slopes early in the morning, mainly in the east, will soon rise up the slopes and disperse.

Meteorologist's View

Sunburn is now a greater possibility with increasing UV levels. Note the large range in temperatures between day and night so be prepared for chilly conditions if camping out.

Recent rainfall: measured at Neuadd: altitude 353m
